DEEP CUT IN THE SALES OF STOCK

The Speculative Element Regarded the Day's Market as Very Slow.

NEW YORK, April 7 .- The speculative element regarded the day's stock market as slow. The sales for the day in themselves indicated a deep cut in the volume of the market from the recently prevailing average. Then although the reactionary tendency of yesterday was arrested, and some progress towards recovery effected, the renewed advance lacked vigor an-

breadth.

The speculative element had an explanation for the halt that they themselves and large operators in general were disinclined to enter on extensive new commitments with a three-day closed interval facing them at the end of the week with the Easter holi-

end of the week with the Easter Roll-days.

In spite of the lapse into duliness
the undertone of the speculation was
strong. The anthracite group supplied
the conspicuous example of strength
among the raliroads. This was attributed to the belief that those companies will win concessions from the
miners in the contention over the renowal of the wage agreement. Delaware, Lackawanna and Western sold
at 800 for the first time in its history.

at 800 for the first time in its history.

Outside of the coalers the strong stocks were found among industrials and such minor railroad stocks as are classified with the specialties.

Reports from the steel trade continued somewhat discouraging, but the demand, which has sprung up for structural steel at the low prices, is considered an important augury of construction and improvement on a large scale in many cities.

Bonds were firm. Total sales, par value, \$5.878.000. United States bonds were unchanged on call. Total sales to day were 720,100 shares.

to-day were 720,100 shares.

Youngsters Have Exciting Battle in First Meeting in Interpreparatory League.

Mowry at second base, Richmond High School lost to McGuire's School by a score of 4 to 3 in an exciting battle yesterday afternoon at Broad Street Park. This was the first meeting of these teams in the Interpreparatory League series, and a large number of were on hand to root for their favor-

Both pitchers worked well, Bolling striking out fifteen of the High School men. Evans kept his hits well scattered, and with good support would have won his game.

The pronounced feature of the game was the remarkable base running of the High School men. They had it all over their opponents in this department, and two of their three scores resulted from good work on the sacks. Score by innings:
